RELEVANT WORK EXPERIENCE

Software Developer Intern

Toast Ghost LLC, Remote

Sep. 2025 - Present

Hours per week: 15

- Creating a game with C# scripts and the Unity application, delivering more script-reliant solutions to problems as well as insights on how to organize data and functions.
- Crafting sprites for a game (from drawing to implementation), researching Optical Music Recognition and how to use it, and determining physics for a 2D phone game.
- Inquiring with artificial intelligence tools to learn more about uses of the Unity platform and its capabilities, leading to a full utilization of Unity and its built-in tools.
- Implementing version control tools within Unity to collaborate and 100% avoid accidental corruption or deletion of working code.

Student Services & Student Success Coordinator

Oklahoma City University, Oklahoma City, Oklahoma

Jun. 2023 - Nov. 2024

Hours per week: 40

- Provided accurate academic advice for all first year and second year students in the School of Music.
- Prevented student failure through monitoring grades and the Early Warning system, providing a semester of 0 loss of music scholarships and 0 new probationary statuses.
- Supplied relevant information for prospective students during tours and orientation, leading to a 60% increase in size of incoming music theater students compared to years prior.
- Designed interactive Microsoft Excel sheets to help report and keep track of student success data and enrollment data, which prevented student failure, ensured submission of required documents, etc.
- Innovated the existing system for organizing and implementing performance final exams, resulting in 99% of all results being accurately recorded and the restoration of the faculty's trust in the software.
- Reported vital enrollment data to the Deans of the School of Music from Salesforce software reports and corrected enrollment errors, ensuring all first years correctly enrolled into prerequisite courses.
- Engaged in recruitment endeavors and scholarship decision-making for the School of Music.

Private Flute Instructor

Self-employed, Yukon, Oklahoma

Jun. 2021 - Dec. 2023

Hours per week: 8

- Operated a private studio and instructed 9 middle and high school students on how to play flute.
- Managed all tuition payments, scheduled all lessons, and maintained a collection of scores.
- Improved student musical achievement (e.g. first chair, competition progression).

Librarian, Japanese Tutor, and Music Theory Tutor

Oklahoma Christian University, Edmond, Oklahoma

Aug. 2017 - May 2021

Hours per week: 9

- Undertook inventory checks of each library collection to ensure 100% consistency with existing records and that the inventory data had not been corrupted or missing information.
- Successful implementation of operational control by requiring identification from all patrons of the library to restrict access to those on the allowed control list.
- Reported unauthorized access to the library to management and thwarted suspicious activity on the library grounds.
- Ensured FERPA protection of student data by preventing the disclosure of student identities and information to those not on the allowed control list for that student.

EDUCATION

Bachelor of Science, Oregon State University, Corvallis, OR

Bachelors of Science in Computer Science

GPA: 3.94 / 4.0, Summa Cum Laude

Completion Date: Jun. 2026

Master of Music, Oklahoma City University, Oklahoma City, OK

Masters of Music in Flute Performance

GPA: 4.0 / 4.0, Summa Cum Laude

Phi Kappa Phi Honors Society

Pi Kappa Lambda National Music Honor Society

Completion Date: May 2023

Completion Date: May 2021

Oregon State University Programming Fundamentals Microcredential	Completed: Jun. 2025
Research Involving Human Research Subjects (RXR-Basic) (ID 13301) Training	Completed: Jun. 2025

English (Native) Spoken: Advanced | Written: Advanced | Read: Advanced
Japanese (Basic) Spoken: Basic | Written: Novice | Read: Novice

Advanced in MS Office (Word, Excel, PowerPoint, Outlook, Access) and FileMaker v22 (user-side)

Python modules: Matplotlib, Tkinter, Pytesseract, OpenCV, Pillow, NumPy, LibROSA, Tensorflow, Keras

Remote tools: Zoom, Teams, VPN, Discord

Databases: MySQL, MongoDB, MariaDB

File sharing: Google Drive, OneDrive, DropBox, Makefiles

Programming Languages: C++, C, C#, Python, x86 Assembly, JavaScript, HTML, MySQL, CLI, BASH shell

Web Tools: Node.js, Express.js, REST API, DBMS, React.js, Flask, Mongoose, CSS, Apache

Integrated Development Environments: Visual Studio, VS Code, PyCharm, GitHub Codespace

Version Control Tools: Git, GitHub

Prototype Tools: Figma, Autodesk Sketchbook

OS: Windows, Linux, macOS

Methodologies: Agile, Waterfall, Continuous Integration (CI), Test-Driven Development (TDD)

Network tools: Wireshark, BurpSuite, Chrome Developer Tools

CS 290 - Web Development	Jun. 2025 - Aug. 2025
Created web applications using a REST API backend connected to a Mongo DB cluster	
Tested web applications using HTML5 requests during development	

CS 352 - Intro to Usability Engineering Jun. 2025 - Aug. 2025
Conducted UX/UI research (formative & generative) via interviews, walkthroughs, and heuristic evaluation
Developed concept wireflows and prototypes on Figma using research results
Incorporated UX/UI design principles (e.g. Neilson's 10 Usability Heuristics) during development

CS 361 & CS 362 - Software Engineering I & II Sep. 2025 - Mar. 2026
Followed the Agile project management method to develop microservices for web applications
Utilized Git version control on GitHub to collaborate with team members
Crafted testing suites using black box tests, white box tests, random tests, and Python's unittest module

Oklahoma Flute Society - Competitions Chair 2025, Flute Fair 2024 Co-Chair, and Member since 2016
Phi Kappa Phi Honors Society - Member since 2023
Pi Kappa Lambda National Music Honor Society - Member since 2023
National Society of Leadership and Success - Member (in-process of induction) since 2026
